Professional Summary

B.Sc. Computer Science graduate aspiring to work as a Full Stack Developer with skills in Python, Django, React.js, HTML, CSS, and JavaScript. Strong understanding of APIs, databases, and real-time project development with the ability to build efficient web applications. Eager to learn, contribute, and grow as a Python or Backend Developer.

Education

Arulmigu Kalasalingam College of Arts and Science

Jun 2021 – May 2024

Bachelor of Computer Science — CGPA: 8.63

Sacred Heart Girls Higher Secondary School

Jun 2020 – Apr 2021

Computer Science — Percentage: 82.00%

Technical Skills

Frontend Development : HTML, CSS, JavaScript, React.js, TailwindCSS

Backend, Databases and Tools : Python, Django, Postman

Database : MySQL, SQLite3

Tools : Git, GitHub, Render

Projects

E-Commerce Website | *React.js, Django, REST API*

- Built a fully functional **e-commerce web application** with product listing, cart, and order management using **React.js** for the frontend.
- Developed **REST API** endpoints using **Django** to handle product, user, and order data across frontend and backend.
- Implemented **JWT-based authentication** to manage secure user login, registration, and session handling.
- Integrated the **ElevateZoom library** for smooth product image zoom on hover, improving the shopping experience.
- Built an interactive **cart system** with add, remove, and quantity update actions reflecting changes instantly on the UI.
- Tested and validated all API endpoints using **Postman** to ensure reliable data flow across the application.

Expense Tracker Web Application | *Django, MySQL*

- Built a full-stack **expense tracker** to record **income and expenses** with **category management**.
- Designed **Django models** and integrated **MySQL** for persistent transaction storage.
- Implemented **CRUD operations** with real-time **balance, income, and expense calculations**.
- Developed a responsive **dashboard** with **category-wise expense analytics**.

Experience

AAA Techno Park

Sep 2024 – Nov 2025

Data Processing Associate – Quality Checker

Sivakasi, India

- Performed **quality checking** and **data validation** across multiple client projects to ensure high accuracy.
- Reviewed, verified, and corrected data as per **project guidelines** and **quality standards**.
- Collaborated with **cross-functional teams** to maintain timely updates and consistency.
- Identified errors and supported **process improvements** to enhance workflow efficiency.
- Handled **large volumes of data** with strong **attention to detail**.

Certifications

• AI Powered Full Stack Web Development | *Code Purple Academy*

Dec 2025 – Apr 2026
